For School Year: _____

Dear Parents/Guardians:

We occasionally have the opportunity to use students' photos, videos, and work on school promotional materials and resources such as brochures, newsletters, social media, and our websites. To do that, we request your permission, which is granted by signing the agreement below.

Group videos and photos of classes performing in concerts, on field trips, or doing whole-class activities presents problems in limiting individual students from photos and videos. It may mean that if a parent has concerns for their child, that the child will need to always stand on the end during concert line-ups (so they can be cropped out), or the child may need to step back when a group photo is taken during special events or activities.

GPCS cannot control third party videos and photos taken by parents, grandparents, family friends, and volunteers at school-related events when guests are invited for class performances, field trips, concerts, and other school activities.

I DO hereby permit GPCS to use, in whole or in part, photographs, videos, written extractions, and voice recordings of my child, his or her work for the purpose of illustrations, publications, and websites, including but not limited to school marketing materials. Further, I hereby permit the School to notify local newspapers of my child's academic, athletic, and other special achievements.

I DO NOT give the school authorization to use my child's images and/or work for school promotional purposes.

I DO give permission as stated above with the following limitations: _____
